**ORDER**

**Adopted: January 11, 2002**

**Released: January 14, 2002**

By the Accounting Policy Division, Common Carrier Bureau:

1. The Accounting Policy Division has before it a Request for Review filed by Hanover County Public Schools (Hanover), Ashland, Virginia, seeking review of a decision of the Schools and Libraries Division (SLD) of the Universal Service Administrative Company.<sup>1</sup> SLD returned without consideration one of Hanover's Funding Year 3 funding requests because it omitted certain information required under SLD's minimum processing standards.<sup>2</sup> For the reasons discussed below, we deny the Request for Review.

2. Under the schools and libraries universal service support mechanism, eligible schools, libraries, and consortia that include eligible schools and libraries, may apply for discounts for eligible telecommunications services, Internet access, and internal connections.<sup>3</sup> The Commission's rules require that the applicant make a bona fide request for services by filing

Section 54.719(c) of the Commission's rules provides that any person aggrieved by an action taken by a division of the Administrator may seek review from the Commission. 47 C.F.R. § 54.719(c).

with the Administrator an FCC Form 470,<sup>4</sup> which is posted to the Administrator's web site for all potential competing service providers to review.<sup>5</sup> After the FCC Form 470 is posted, the applicant must wait at least 28 days before entering an agreement for services and submitting an FCC Form 471, which requests support for eligible services.<sup>6</sup> Requests are specified in Block 5 of the FCC Form 471, with each request being entered on a separate Block 5 worksheet.<sup>7</sup> SLD reviews the FCC Forms 471 that it receives and issues funding commitment decisions in accordance with the Commission's rules.

3. Every funding year, SLD establishes and notifies applicants of a "minimum processing standard" to facilitate the efficient review of the thousands of applications requesting funding.<sup>8</sup> When an applicant submits a Block 5 worksheet that omits an item subject to the minimum processing standards, SLD automatically returns that Block 5 to the applicant without considering the funding request for discounts under the program.<sup>9</sup> One of the minimum processing standards requires that, for each Block 5 worksheet, the applicant indicate in Item 11 of Block 5 the category of service being requested, *i.e.*, telecommunications service, Internet access, or internal connections.<sup>10</sup>

4. In the pending case, SLD rejected one of Hanover's submitted Block 5 worksheets because Item 11 was blank.<sup>11</sup> Hanover appealed to SLD, arguing that all of the other services were telecommunications, and that SLD should therefore have inferred that the incomplete request was also telecommunications.<sup>12</sup> Hanover also asserted that SLD should have known that the vendor for that request, GTE Wireless, only provides telecommunications

service.<sup>13</sup> SLD denied the appeal, stating that “SLD cannot assume what an applicant is requesting, even though all other requests are for telecommunications service.”<sup>14</sup> Hanover then filed the pending Request for Review, in which it argues again that the funding request at issue was in the middle of a number of other requests that were all for telecommunications.<sup>15</sup>

5. In *Naperville*, the Commission determined that, under the totality of the circumstances, SLD should not have returned an application without consideration for failure to meet SLD’s minimum processing standards.<sup>16</sup> In *Naperville*’s case, the Commission specifically found that “(1) the request for information was a first-time information requirement on a revised form, thereby possibly leading to confusion on the part of the applicants; (2) the omitted information could be easily discerned by SLD through examination of other information included in the application; and (3) the application is otherwise substantially complete.”<sup>17</sup>

6. Upon review of the record in the Request for Review, we conclude that, under the totality of the circumstances, Hanover’s application was appropriately returned for failure to satisfy minimum processing standards. We find that the information requested in Item 11 of Block 5, the category of service, was not a new information request in Funding Year 3 and that the totality of the circumstances do not warrant relief.<sup>18</sup> Accordingly, we affirm SLD’s rejection of the application.

7. Accordingly, IT IS ORDERED, pursuant to authority delegated under sections 0.91, 0.291, and 54.722(a) of the Commission’s rules, 47 C.F.R. §§ 0.91, 0.291, and 54.722(a), that the Request for Review filed by Hanover County Public Schools, Ashland, Virginia, on February 21, 2001, IS DENIED.
