Schools and Libraries Program News Brief

— SPECIAL EDITION —

November 7, 2017

Leadership Change for the Schools and Libraries Division

Dear E-rate Program Participant:

Effective November 6th, Craig Davis transitioned to the role of Vice President of Procurement and Strategic Sourcing, reporting to the CEO. In this role, Craig will be using his knowledge from leading divisions across USAC to create operational efficiencies.

As Craig transitions to his new role, **Catriona Ayer, Senior Director of Program Management, will step in as the Acting Vice President in the Schools and Libraries Division.** Catriona started working at USAC when the program launched in January 1998, and has been an integral member of the Schools and Libraries team ever since. Over the past 19 years, she has been a national leader in the E-rate program, bringing her extensive experience to all aspects of the program administration, including many of the successes realized in the past 12 months. Catriona has trained and guided not only USAC staff and contractors, but also thousands of E-rate program participants through her ongoing work with USAC's many outreach efforts.

All of us in the Schools and Libraries Division look forward to continuing to build upon recent progress in improving the E-rate Productivity Center (EPC) and making the E-rate process faster, simpler, and more efficient for all program participants. We hope you will join us in congratulating both Craig and Catriona in their new roles.
